DEPARTMENT OF EDUCATION.

ECCLESIASTICAL.

Delhi, the 4th January 1919.

No. 9.—The Governor-General in Council has learned with great regret of the death of the Most Reverend George Alfred Lefroy, D.D., Bishop of Calcutta and Metropolitan in India and Ceylon. The late Bishop had worked in India for forty years and had held the See of Lahore for over thirteen years and that of Calcutta for nearly six. During the latter part of this period he had continued unfailingly to perform the functions of his office despite increasing ill health which finally forced him to resign. His death on the very day of his resignation is a heavy loss to the communities over which his duties had extended and will be regarded as a personal calamity by all those who had known his work and influence in India.

Nandyal Forest Block II at Erappal.	Kurnool, West ..	Nandyal ..	Narayanapuram.	Acs. 100	*North.*—Starting from a point on the taluk boundary between Nandyal and Nandikotkur at its intersection at Narayanapuram (Nandyal taluk), Sugarevala and Modukuru (Nandikotkur taluk) the line runs along the northern boundary of the Nandyal taluk up to the village boundary along the middle of the road side of S. No. 698 of Narayanapuram village, thence it runs along the eastern and southern sides of that survey number till it reaches the left bank of the Mangaletikaluva.

East.—Thence the line runs southwards along the left bank of Mangaletti Kaluva till it meets the Reserve Boundary.

South.—Thence the line runs in a straight line to the north-east corner of S. No. 810, thence along the northern side of that number to its north-west corner, thence it runs in a straight line in a westerly direction to the north-eastern corner of S. No. 865 (partly inside), thence to the north-east corner of S. No. 857 (partly inside), and thence to the north-west corner of S. No. 856 (all the above numbers are of Narayanapuram).

West.—Thence the line runs along the Nandikotkur taluk boundary to the starting point.

Brief description.—The area contains scrub jungle and a few big trees of such useful species as:—(1) Gumpena (Odina Wodier); (2) Bengha (Hardwickia binata); (3) Tandra (Terminalia Belerica) and (4) Dirisana (Albizzia lebbek).

Reasons for disforestation.—The reserve is very near to the villages of Narayanapuram, Chinnadevalapuram, Timmarapalli, Modukuru and Boyanevala and thus causes inconvenience to people and cattle grazing.

Fort St. George, February 4, 1919.

No. 41.—In supersession of the rules published in Notification No. 812, dated 14th November 1912, on pages 1201–1206 of Part I of the *Fort St. George Gazette*, dated 3rd December 1912, the Governor in Council is pleased to make the following rules under sections 38 and 40 of the Madras Forest Act (V of 1882) to regulate the transit of timber including sandalwood in the Chittoor district.

In these rules, timber includes all classes of timber as defined in the Madras Forest Act (V of 1882) except—

(i) Timber not grown in India or Burma ;

(ii) Timber cut up or fashioned otherwise than is usually or permissibly done before it is removed from the forest ;

(iii) Timber removed under the concession granted in rule 7 of the general rules under section 28 of the Forest Act ; and

(iv) Small wood for fuel (excluding sandalwood) in head loads or smaller quantities. The term 'sandalwood' includes also 'sandalwood dust and chips'

I. *Import and export of trade.*—It shall not be lawful to import timber into or export timber from the Chittoor district except by the routes specified in schedule A and unless accompanied by a permit as specified in rule IV.

II. *Transit of timber within the specified area.*—It shall not be lawful to transport timber within the area specified in schedule B unless accompanied by a permit as specified in rule IV ; provided that the Collector may exclude any tract from the scheduled area by notification in the District Gazette.

III. *Import of timber into towns.*—It shall not be lawful to move timber into any of the towns specified in schedule C unless accompanied by a permit as specified in rule IV and without reporting it for examination at the appropriate checking station specified in that schedule.

IV. *Form of permits.*—In the case of timber from Government land the permit shall be a printed one in Form I. In the case of timber from private lands, markets or depots expressly notified by the Collector from time to time in the District Gazette, the permit shall be a printed one in Form II (which will be supplied by the District Forest Officer free of charge). In the case of all other timber including timber from foreign territory, the permit may be printed or written and shall also be in Form II. Such permits shall be printed or written in English or Telugu. A permit in Form III shall be granted in exchange for each permit in Form I or II at the first checking station on the route by which the timber passes.

V. *Issue of permits.*—Permits in Form I shall be issued in triplicate and shall have all the columns filled up by a duly authorized officer who shall sign and date each part, hand over the original to the purchaser, send the duplicate to the officer in charge of the forest referred to therein and keep the triplicate attached to the book as a counterfoil for record in his office. Permits in Form II (whether printed or written) shall be in duplicate and shall have the columns filled up by the owner of the timber or his authorized agent. The original shall be handed over to the person authorized to move the timber. The duplicate shall be kept for at least six months from the date of issue, and shall be produced for inspection at any time within that period on the application of any forest officer not under the rank of Forester. Permits in Form III shall be in duplicate. The original shall be handed over in exchange for the original in Form I or II and the duplicate retained.

VI. *Check of permits.*—In the case of unpassed timber and timber for export the covering permit shall be produced with the timber for examination at any station which may be notified from time to time by the Collector in the District Gazette as a checking station. In the case of timber in transit, the permit shall be produced anywhere within the limits of the scheduled area when demanded by any Revenue, Forest, or Police Officer, and at any of the checking stations nearest to the locality of felling and at all subsequent stations notified from time to time by the Collector in or outside the scheduled area past which the timber is taken.

Provided that it shall not be lawful to take any timber off any road or river on which a checking station has been placed with intention to evade examination.

The officer in charge of the first taluk which the timber passes shall recover the permit in Form I or Form II and grant a way permit in Form III after satisfying himself that the timber agrees in kind and quantity with that shown in the permit. This way permit shall protect such

timber along the route to its destination, and shall be produced and endorsed at all subsequent tannahs on that route. If the officer in charge of the tannah refuses to grant a way permit in Form III, he shall detain the timber and the permit in Form I or II and then report the case for the orders of the District Forest Officer. The quantity of timber in transit must not be greater than that entered in the permit and if it is less the same permit must not be used again to cover the deficiency. Examination of timber at the first tannah shall take place between the hours of 6 a.m. and 6 p.m. only. If such timber arrive at the first tannah after 6 p.m. it shall be lawful to detain it until 6 a.m. for examination.

VII. The checking stations for timber in transit shall not be more than 5 miles distant from the outer limits of the scheduled area except in cases in which it is considered necessary to guard against smuggling from unreserved lands into towns or in places which afford special facilities for the regulation of traffic. In these exceptional cases the sanction of the Board must be obtained before the checking station is notified.

No demand shall be made for the production of a permit outside the scheduled area except at the checking stations

VIII. *Use of property mark.*—The ownership of timber moved within the area specified in schedule B from private lands specially notified by the Collector under Rule IV shall be indicated by a property mark which shall be impressed upon the property before its removal.

All such property marks shall be registered at the District Forest Office. Sandalwood dust and chips shall be placed in bags or packages securely tied and the property marks shall be affixed with ordinary sealing wax in such a manner as to preclude the possibility of the bags or packages being opened in transit without breaking the seal. It shall be lawful for the District Forest Officer to require, from any owner of a property mark, any applicant for registration of a property mark, and any applicant for the supply of permits in Form II, information relative to locality, quantity of wood available, and any other details which the District Forest Officer may require in order to give effect to these rules. He may refuse registration or the issue of Form II permits and may cancel the registration of any property mark if the information required is not given or if he considers that such property mark is not distinctive or for other good and sufficient reason. The District Forest Officer shall record his reasons for such refusal and submit his order for confirmation by the Collector. A certificate in Form IV shall be granted by the District Forest Officer on registration of such property mark.

IX. *Period for which registration is valid.*—Registration shall hold good until the ensuing 1st April.

X. *Small quantities of sandalwood exempted.*—Nothing contained in any of these rules shall apply to sandalwood not exceeding 5 lb. in weight carried by bona fide travellers for their own use

The value of the scholarships will be raised to £250 each a year in case the scholarship-holder is admitted into a college at Oxford or Cambridge. The Secretary of State will decide the course of study of each scholarship-holder.

2. The scholarships will be open to well-qualified students with genuine taste for oriental studies and to gentlemen already employed as Professors of Sanskrit in India.

Some elementary knowledge of French and German should if possible be required by the scholar before leaving India.

In selecting the scholar, regard will be paid to the following considerations. As the vast range of Sanskrit literature makes it necessary for a scholar to select some special field of Sanskrit learning in which to specialise, the choice of the special branch of study should be made in India and the pertinent preparatory studies completed before the scholar leaves for Europe. Accordingly if a scholar wishes to specialise on—

(a) Vedas or philology, he should have some knowledge of Latin and Greek;

(b) Philosophy, he should have studied one of the systems of Indian philosophy in the original texts and have read some Plato and Aristotle;

(c) Post-Vedic literature, his reading should have extended considerably beyond the limits of the course as prescribed for the M.A. examination of an Indian University.

3. Before a main State scholar leaves India to take up his scholarship, his parent or guardian will be required to show that he has deposited with the Secretary for Indian Students in London a sum of £ 25 for initial expenses.

4. Candidates desirous of applying for the scholarships should submit their applications to the Director of Public Instruction so as to reach him on or before the 1st March 1919.

Applications should give detailed information on the following points:—

(1) Educational qualifications, general and special.
(2) Present occupation.
(3) Age.
(4) Physical fitness.
(5) Native place and class or community to which candidate belongs.
(6) Whether candidate has the consent of his parent or guardian to proceed to Europe.
(7) Address in full.
(8) Subject in which candidate wishes to specialise.

5. Certificates of conduct and character and a written undertaking that the applicant if awarded a scholarship will, during its tenure, devote himself exclusively to the study of the subject for which the scholarship will be awarded should accompany the application.

6. Further particulars may be obtained by reference to the notification relating to State scholarships, published in the *Fort St. George Gazette*, Part I-B, dated 6th June 1916.

Madras, 28th January 1919.

APPOINTMENTS IN REVENUE DEPARTMENT, COIMBATORE DISTRICT.

All persons desiring appointment in the Revenue Department in the Coimbatore district during the year 1919 are requested to send in their applications in the prescribed form with statements of qualifications and testimonials to the Personal Assistant to the Collector of Coimbatore on or before the 14th February 1919. In the case of School Final candidates, a list showing the marks obtained by them in each subject at the public examination with the Presidency average and moderated marks, if any, should be submitted with the application.

Persons holding acting or temporary appointments in the Revenue Department without permanent footing, who wish to continue service in the department, should submit their applications on or before 14th February 1919.

All applications received will be scrutinized by a committee which will sit at Coimbatore on 21st February 1919. The committee will consist of the Collector, the Divisional Officers, the Treasury Deputy Collector and the Personal Assistant Deputy Collector. Applicants should be prepared to appear, if required, before the committee on 21st February 1919.

The committee will, after examining the applications and interviewing the applicants, draw up a list of 'approved applicants,' and in the event of vacancies arising during the year, preference will be given to such applicants as are included in the approved list. It is hoped that opportunities will be found to offer one or two posts on Rs. 30 by direct recruitment to graduates, and a similar number on Rs. 25 to Intermediate candidates. Applicants who have no higher qualification than the Secondary School-Leaving Certificate cannot expect to start in a higher grade than that of Rs. 20.

The Collector cannot, however, guarantee such direct recruitment, and cannot undertake to provide appointments for those whose names are entered in the approved list. On the other hand, applicants whose names are registered on the approved list are in no way bound to accept such appointments as may be offered to them, and they are at liberty to accept employment elsewhere if they think fit. If, however, they accept employment elsewhere, they must intimate the fact to this office.

Applicants whose names are registered on the approved list are at liberty to accept acting or temporary appointments in Government service in this or any other district without prejudice to their chances of permanent appointment in the Revenue Department in this district when vacancies arise.

F. J. RICHARDS,
Collector.

SUGARCANE CROP OF 1918-19—THIRD REPORT—DEPARTMENT OF AGRICULTURE, MADRAS.

(On an average of the five years ending 1916-17 the area under Sugarcane in the Madras Presidency has represented some 0·8 per cent of the total area under Sugarcane in British India.)

The total area planted with sugarcane up to the end of December 1918 is estimated at 115,400 acres as against 123,410 acres estimated at the same date last year, a decrease of 6·5 per cent. The decrease is general and is due to the comparatively low price of jaggery at the time of planting. In the centre and south, Cambodia cotton has replaced sugarcane to some extent. The apparent increase in the Circars is due to better reporting from permanently settled areas.

2. Yields are poor in the Deccan and below the average elsewhere on account of the long break in the south-west monsoon and the consequent failure of irrigation. On the whole the yield is estimated at 93 per cent of an average crop. On this basis the outturn of jaggery is estimated at 242,400 tons as against 258,300 tons last year.

3. Figures by groups of districts are given below.

The deposit of unsuccessful bidders will be returned to them at the conclusion of the sale.

The classification, cleaning and weighment as determined by the Forest Department must be accepted. Should any deficiency occur after weighment, the value of the deficiency will be refunded to the purchaser or if an excess is found it shall be paid for by him.

10. The purchaser shall bear the cost of weighment at the time of delivery.

11. The purchaser will be allowed reasonable time not exceeding one month from the date of delivery after weighment to remove the wood, during which period it will be kept in the depot at his risk. The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The return of the Barometer is twenty-two feet above the level of the sea, and the receiver of the rain gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since January 1st is 0·37 inch, the average due for the same period being 0·97 inch.

No. 1, *dated* 13*th January* 1919

NOTICE OF SALE OF ABKARI AND OPIUM PRIVILEGES

Notice is hereby given that the number of independent shops appointed for the sale of liquor, opium and intoxicating drugs during the twelve months beginning 1st April 1919 and ending 31st March 1920 and the local limits appointed for them will be notified by Collectors in their District Gazettes, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth. The Collector of Malabar will notify separately the special conditions under which licences for the sale of arrack in the Attapadi valley will be granted on payment of fixed fees.

The districts in which independent arrack shops, foreign liquor taverns, beer shops and ganja and opium shops, respectively, will be sold are specified below :—

From 1*st April* 1919.

Arrack, ganja and opium shops.	Foreign liquor taverns.	Beer shops.
In all districts ..	In the districts of Godavari, Kistna, Guntur, Bellary, Madras, Chingleput, South Arcot, Tanjore, Madura, Coimbatore and Malabar.	In the districts of Nellore, Bellary, Chingleput, Chittoor, North Arcot, South Arcot, Tanjore, Trichinopoly, Madura, Coimbatore, The Nilgiris, Salem and Malabar.

Licences for the sale of foreign liquor which are granted on payment of fixed fees are dealt with in a separate notification.

Conditions of Auction Sale.

I. A deposit must be made by each bidder before bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 35 or less and to Rs. 5 in the case of bidders for single small shops.

II. The shops will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops will not be published, but the average of the previous five years' rentals will be notified by the Collectors, wherever possible, for the information of bidders.

III. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

IV. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of licence or of a contract under the Abkari Opium Act as to render him undesirable as a holder of a license; or (2) that he is insolvent or in arrears to Government; (3) that his bid is purely speculative; (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village; (5) that he is a contract supplier of country spirits for the contract area within which the shop is

situated; (6) that he is a brewer bidding for beer shops; (7) that such a course is necessary to prevent arrangements to the detriment of Government interests; or (8) for any other valid reason.

V. The shops will be knocked down to the highest bidder. If for any of the reasons mentioned in the preceding clause the highest bid is rejected, the next highest shall be taken or the shop resold at the selling officer's discretion. In cases of dispute the selling officer's decision shall be final. The sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent (in addition to the deposit made under clause V) for each shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause I will be forfeited and the shop will be put up again immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other shop.

VII. Any person to whom a shop has been knocked down and who has made deposits as provided in clauses I and VI shall also deposit, in cash or approved security, within ten days from the date of communication of the Collector's acceptance of the bid, such further sum as with the former deposits will make up two months' rent and shall without unnecessary delay take out a licence on the conditions hereinafter set forth. In the event of the purchaser's death after issue of the licence, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the licence as well as for the proper observance of all the conditions of the licence. Should the initial deposit exceed two months' rental, the excess will be refunded unless the purchaser is requested to deposit twice that sum under clause VIII infra.

VIII. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum prescribed in clause VII supra, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 57, Schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000. In all cases where sureties are demanded the licensee shall be bound to execute a counterpart agreement.

IX. On the failure of any person to make a deposit or take out a licence under clause VII or to comply with any requisition or to execute any engagement under clause VIII supra, the deposits already made may be forfeited and the shop may be resold under the orders of the Divisional Officer on a date to be notified by the Collector or may be otherwise disposed of by the latter officer. Resales under this clause will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

X. The purchaser of any abkari or opium privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal licence may not have been issued to him.

XI. The deposits referred to in clause VII or VIII may be made either in cash or in recognised Government, Port Trust, Municipal or Local Board securities or by depositing Postal Savings Bank pass-books. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required, as in the circumstances of the market he may think necessary. The securities or Savings Bank pass-books deposited must be endorsed to the name of the Collector and Government promissory notes must be enfaced for payment of interest at the treasuries at which they are deposited, if so required. Deposits in cash will be adjusted towards the instalments of rent due in the last months of the period of the lease. Deposits of securities or savings bank pass books will be returned upon payment of the full amount of the rents due in cash unless the depositors wish that Government should take them over, in which case they will be taken over at the price of the day, and the balance, if any, due to Government must be paid in cash. In cases of default under clause IX of the conditions of auction sale or under condition 37 of the General conditions applicable to all Abkari and Opium licences, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale, being recovered as arrears.

Condition of Issue of Licences for Wholesale Vend of Arrack and Ganja.

XII. Applications for the privilege of wholesale vend of country spirits and of intoxicating drugs prepared from the hemp plants should reach the Collectors concerned on or before the 1st March 1919 and should be accompanied by a fee of Rs. 15 for arrack depots and Rs. 30 for ganja depots, which will be returned to those persons whose applications for licences are not approved. The grant of licences confers no exclusive privilege, and it will be open to the Collector to grant licences under like conditions to other persons at any time during the currency of the licences for which applications are now invited. Licences for the wholesale vend of arrack will be granted to private persons only if they have obtained the consent of the arrack supply contractor of the district to the opening of their depots and deposited such security as may be required by the Collector as security for the proper fulfilment of the conditions of the licence. If such depots are not worked to the satisfaction of the Collector, they may be closed at any time. Arrack wholesale depot licenses will not be granted to persons having interest in retail shops.

The licences issued under the above clauses will contain the following general conditions common to all abkari and opium licences and the special conditions prescribed below for any particular kind of licence.

General Conditions applicable to all Abkari and Opium Licences.

1. Shops and depots must be opened by the dates fixed by the Collectors and must be kept open every day unless their temporary or permanent closure is authorised under condition 10, 11 or 41 infra.

2. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits notified by the Collector, provided the site selected is approved of by the Revenue and Police authorities. The limits of the site selected and approved will be entered in the licence. The possession (except subject to the rules applicable to unlicensed persons) or sale of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales under any abkari or opium licence must be conducted in an approved building of which the whole or the whole of a separable part must be entirely set aside for use as a depot or shop. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 or over, there shall be no possible means of ingress or egress in any direction except into the main street; if there are other doors they shall be kept locked under the seal of an officer of the Salt, Abkari and Customs Department, the interior of the shop shall be sufficiently lighted by day and the whole interior visible from the front door; the shop shall not be used as a place of residence save by the vendor and his family as caretakers. If there are means of communication between the depot or shop and an adjoining dwelling house, they must be kept locked at sight.

4. Except when two or more foreign liquor licences are held by one person or in the case of licenses held by chemists and druggists and medical practitioners, sales under different licenses cannot be conducted in different premises.

5. Private bars in liquor shops may be allowed by the Collector under a special license to be granted by him free of fee; provided that the interior of the bar is wholly visible from the doorway and that the entrance to it is either through the main door of the shop or through a separate door provided with a proper sign to show the nature of the bar.

6. A signboard must be affixed to the front of each depot or shop showing the nature and number of the licence under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and in the case of taverns and wholesale depots in English also. The licence must be hung up in a conspicuous place within the depot or shop.

7. The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the licence relates or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding licence is prohibited.

8. Such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained in depots and shops.

9. No arrack shop, foreign liquor tavern or beer shop shall be opened before 9-30 a.m.; and no other shop or depot shall be opened before sunrise.

10. (a) No depot or shop shall be kept open after 8 p.m. except under special authority. Collectors may at their discretion order the closure of any depot at sunset and may on the report of the Police or for other sufficient reasons order the closure of any shop at an earlier hour if they consider such a course to be advisable in the interests of the public. The Board may for sufficient reasons order the general closure of any kind or kinds or all kinds of licensed premises at any earlier hour than 8 p.m.

(b) Collectors are authorized to notify at the time of the auction sales that specified shops will be closed on the occasion of specified festivals and that the hours of sale at specified shops which are situated within a mile of a market or shandy will be limited on market days generally or that they will be liable to limitations on such occasions by orders issued during the currency of the lease, if it is found that the shops promote drunkenness. Discretion is also allowed to Collectors to order the closure of specified shops within 2 furlongs of factories, mills and other places where large numbers of operatives assemble on week days from 11-30 a.m. to 1-30 p.m., on the afternoons of pay days and at all hours on Sundays except between 11-30 a.m. and 4 p.m. A special condition embodying these restrictions or liabilities will be inserted by the Collector in the licenses granted to the renters of all such shops.

11. Depots and shops situated on or adjacent to line of march must be closed, if the Collector so orders, while a regiment or detachment of soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also temporarily to close any shops in times of religious excitement or disturbance. Every depot and shopkeeper shall on his motion close his depot or shop when there is a riot or disturbance in the neighbourhood.

12. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to liquor, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose. This prohibition, however, does not apply to the compounding or blending of liquor or to the manufacture of intoxicating drugs from hemp drugs and opium in accordance with the terms of a licence. Liquor shall not be bottled except under a bottling licence. Nor shall different kinds of liquors be mixed and sold under the designation of one of them.

13. No woman shall be employed in any abkari or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Collector unless she be a member of the renter's family.

14. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 18 or by persons suffering from leprosy or any contagious disease and the employment in any capacity of such persons in shops or depots licensed for the sale of the same are prohibited. No persons who have been convicted under the Indian Penal Code shall be employed in the transport or sale of liquor, opium or intoxicating drugs without the Collector's previous permission. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in any depot or shop and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or Independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect

to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the licence—

(a) (1) to sailors of the Royal Navy, soldiers and members of their families; or
(2) to any other person living in barracks;
(b) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, i.e., any class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;
(2) to Policemen, Excise officers and Railway servants when on duty; or,
(c) in any circumstances to any—
(1) European vagrant under escort of the Police;
(2) child or young person under eighteen years of age;
(3) insane person; or
(4) person known or believed to be intoxicated.

Note.—The restrictions in (a) and (b) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

16. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

17. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

18. No liquor, opium or intoxicating drug in excess of the quantities prescribed for possession without a licence as specified below shall be issued to any person at any one time from any licensed premises without a valid permit, nor shall liquor or intoxicating drugs be sold at wholesale depots in quantities less than the minima prescribed :—

All losses on account of suspension and resale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to any gain which may accrue. The whole of the deposit, if any, made by the licensee shall be liable to forfeiture. The officer who has power to suspend the licence may at his discretion allow sales to continue pending resale or other disposal of the privilege.

27. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

30. Licensees are bound to report to the Divisional Officer all instances which come to their knowledge of persons employed by them in the manufacture, transport or sale of liquor, opium or intoxicating drugs, committing breaches of the Abkari Opium laws and to comply with the Divisional Officer's orders respecting the continued employment of such persons.

31. Pecuniary dealings by licensees of any kind whatever with officials of the Salt, Abkari and Customs Department are absolutely prohibited.

NOTE.—For continuing breaches of a licence, continuing fines may be imposed.

38. Any licence may be forfeited and the privilege be resold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the Abkari Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it, or if it is brought to the notice of the Collector that the licensee has been convicted prior to the issue of a licence to him before a Magistrate of any of such offence and has concealed that fact.

39. Any sum due by a licensee may be adjusted from the deposit, if any, made by him or collected under the Revenue Recovery Act as an arrear of land revenue. The licensee shall be bound to replace any sum adjusted from his deposit within fifteen days of receipt of notice from the Tahsildar or Deputy Tahsildar in independent charge.

40. Interest on all moneys due shall be payable at the rate of 6 per cent per annum.

41. Collectors may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the area selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interest of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. A Tahsildar may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

42. The right is reserved to the Collector to grant 'occasional licences' for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licences should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality. The licences shall run only for such period not exceeding ten days as they are actually required. More than one licence shall be issued for a fair or festival without the sanction of the Board.

The fees to be paid for the licences shall be fixed at the discretion of the Collector

The contract suppliers and wholesale depotkeepers are bound to sell to all persons licensed to purchase from them on payment of the value in legal tender. Note.—Selected shops may be sanctioned at the discretion of the Collector, subject to the condition that there shall be offered for sale in them only liquor of 50° under-proof. The duty on liquor of 50° under-proof has been reduced in order to encourage the consumption of the weaker liquor.

6. The duty on spirits purchased from the contract supplier's distillery or warehouse must be prepaid into a Government Treasury unless the contract supplier has an advance account with the treasury, in which case the duty may be paid to him up to the limit of the balance in his favour in that account. The cost price of spirits purchased should be paid to the contract supplier.

7. In the case of purchases from wholesale depots the excise duty must be paid to the depotkeeper with the cost price.

Special Conditions applicable to Arrack Wholesale Depot Licences.

1. Each cask in a depot shall have its capacity legibly cut, branded or painted on it. The licensee will be responsible for the correctness of such marks. The contents of casks of 50 gallons and upwards must be marked to the nearest half gallon, those of smaller sizes to the nearest quarter gallon.

(e) In case of issues from the Berwada warehouse to the Munagala and Lingagiri zamindaris of the Kistna district.

In all other cases the depotkeepers are required to verify the consignments on receipt and carefully enter the results of the verification in their accounts.

4. Each depot must be furnished with a hydrometer of such pattern as may be prescribed by the Commissioner of Salt, Abkari and Separate Revenue, a thermometer and a bung-rod. Bung-rods, and, if required, hydrometers and thermometers also will be supplied by the department on payment of the cost.

5. Letters of advice relating to shops in the same range as the depot shall invariably be written up by the depotkeeper at the time of writing the permit and either sent to the Sub-Inspector or handed over to him when he next inspects the depot.

8. A wastage allowance up to 3 per cent on the quantity advised in each cask received at the depot will be allowed to wholesale depotkeepers who should submit to the Inspector of the circle in which the depot is situated a statement showing (i) the number of the cask received at the depot, (ii) the quantity advised in each cask, (iii) the quantity contained, and (iv) the wastage ascertained in each cask. The statement should be submitted not later than the 5th of the month following that to which it relates. All cases of wastage in excess of the 3 per cent limit will be dealt with by Collectors at their discretion, by a fine not exceeding double the duty payable on the excess wastage. Only one cask should be kept open at a time for issue. Depotkeepers should show clearly in their account books the cask from which each consignment or part of a consignment is issued.

9. Depotkeepers are required to send all consignments of liquor issued to shops at their own cost. Collectors may require that a portion of each supply from a depot to a shop shall be in sealed bottles. The depotkeepers shall use a private seal, an impression of which shall be made not only on the jars or other receptacles in which liquor is issued, but also on the permits issued with the consignments. All depotkeepers will be required at the beginning of the year to furnish the Inspector of the circle within which their depot is situated with a clear impression of the seal to be used and will not be permitted to change the seal during the year.

3. If the licensee is desirous of obtaining a supply of coconut arrack made in Malabar, he must make his own arrangements with the supply contractors. The contractors shall not be entitled to refuse to supply coconut arrack except on the ground of want of stock. The liquor must be kept in receptacles labelled "Spirit manufactured in Malabar."

6. The licensee shall record in his account book full details of every sale of opium in the shop, viz., the quantity sold and the name and address of the purchaser.

7. The licensee shall keep at any one time no greater quantity of opium and intoxicating drugs other than morphia or preparations for smoking than may be fixed by the Collector. The Collector may, by notification at the time of the auction sales, impose a maximum limit on the quantity to be sold under a licence. He may also impose such a restriction during the currency of a lease in the case of shops, the licences of which have been cancelled under the succeeding clause or under condition 32 of the general conditions applicable to all abkari and opium licences.

8. If the licence is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Collector has reason to suspect that the licensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the licence and re-sell or otherwise dispose of the privilege at the risk of the licensee. No. 2, *dated* 13*th January* 1919.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENCES.

The following notification is issued in supersession of Notification No. 3, dated 28th January 1918, published in the Supplement to the *Fort St George Gazette*, Part II, dated 29th January 1918 :—

In exercise of the power conferred on him under section 4 (*g*) of the Madras Abkari Act (I of 1886), the Commissioner of Salt, Abkari and Separate Revenue hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licences on fixed fee for the compounding, blending, bottling and sale of potable foreign liquors from and after the 1st April 1919 within the limits of the Madras Presidency :—

1. The term "foreign liquor" in these rules includes all wines, spirits and beer imported into the Presidency by sea or land ; plain rectified spirits imported or locally made and on which the tariff rate of duty has been paid ; coconut arrack, and spirits manufactured or compounded in the country and made to colour and flavour to resemble gin, brandy, whisky or rum excised at the tariff rate of import duty ; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but excludes denatured spirits and ordinary arrack. In the case of licensees to chemists, druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term "foreign liquor" means pure rectified spirits imported from foreign countries by sea or manufactured in this country and excised at the tariff rate of duty.

Note.—The minimum strengths at which imported and locally made foreign spirits can be sold are 35° U P. foreign and 50° U P for all other kinds of spirits including Italian arrack, except denatured spirits and coconut arrack.

"Indian" beer is beer brewed in India (*a*) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane-sugar is employed, (*b*) which is brewed of a higher original gravity than 1,062° on a standard saccharometer and (*c*) the maximum price of which at the brewery is Rs. 45-8-0 per hogshead including the excise duty of four and a half annas per gallon.

2. Licences for the sale of foreign liquors shall be of the following descriptions —

I. *Wholesale licences for the sale of foreign liquor not to be drunk on the premises.*—These will be issued on an annual fee of Rs. 250 at the discretion of Collectors. Under these licences the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles of each kind at a time is prohibited. The holders of this licence will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint. In Madras town, holders of this licence will not be allowed to sell "Indian" beer.

II. *Retail licences for the sale of foreign liquor not to be drunk on the premises to any person.*—These will be of two kinds—one for the sale of all kinds of foreign liquor, except "Indian" beer and the other for the sale of beer brewed in India.

(a) The former will be issued at the discretion of the Board and Collectors on payment of an annual fee of Rs. 500 in the town of Madras and in the Nilgiris, Rs. 250 in towns having a population of 25,000 and over and in Kodaikanal, Yercaud and Cochin, and Rs. 150 in the rest of the Presidency. Under these licences the sale of liquor in a quantity less than one reputed pint and greater than two imperial gallons in one transaction will be prohibited.

(b) Retail licences for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

III. *Hotel licenses for the supply of residents in hotels and boarding houses.*—These will be of two classes and subject to a payment of an annual fee of Rs. 150 or Rs. 75 in Madras, of Rs. 100 or Rs. 50 in the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licences otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

In Madras a holder of a hotel licence desirous of setting up and maintaining in his hotel a "bar" or "bars" may, on payment of a monthly fee of Rs. 50 for a first-class bar or Rs. 25 for a second-class bar, be granted a separate license to be called a bar license. This will cover the sale of foreign liquor under the same conditions and to the same extent as the tavern licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Board of Revenue. The fees in such cases will be fixed by the Board and the licences will entitle the holders to sell to all comers.

IV. *Refreshment-room licenses* will be of two classes—

(a) *For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dâk carriages for the supply on the premises of travellers by such railways or dâk lines.*—The annual fee payable for each licence will be Rs. 50. Under these licences liquor may be sold to *bonâ fide* travellers, or to other persons served with regular meals in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of spirits or two reputed quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such traveller for removal from the premises.

(b) *For refreshment-rooms in which the sale of liquor is ordinarily combined with the supply of meals or of eatables prepared and served in the European manner.*—The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Ootacamund and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

V. *Occasional licenses*, such as licences for the sale of refreshment stalls in connexion with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VI. *Special licences* will also be granted by Collectors in consultation with the officers of the Salt, Abkari and Customs Department when the circumstances are such as not to allow of the issue of licences of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VII. *Auctioneers' licenses.*—Annual fee, Rs. 5. The following are important provisions of this license:—

(a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates or of trade consignments which are illaged or otherwise unmerchantable.

SUPPLEMENT—
Act No. 1 of 1919—The Koodalmanickam Devaswom Act (Malayalam).

Bill to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 33 of the rules for the conduct of business at meetings of the Council, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

No. 1 of 1919.

A Bill to amend the Madras Civil Courts Act, 1873.

Whereas it is expedient to amend the Madras Civil Courts Act, 1873; It is hereby enacted as follows:—

1. (1) This Act may be called the Madras Civil Courts (Amendment) Act, 1919.

(2) It shall come into force at once.

2. (1) In section 23 of the Madras Civil Courts Act, 1873, the words "subject to such rules as the Local Government may prescribe" shall be inserted at the beginning.

(2) In the same section the word "control" shall be substituted for the words "approval or confirmation" wherever those words occur.

STATEMENT OF OBJECTS AND REASONS.

Various complaints have been received of the expenditure of the time and labour of District and Sessions Judges on petty and mechanical work in connexion with the supervision of the establishments of Subordinate Courts. The Governor in Council considers that some relief is necessary in this respect, and for that reason it is proposed to modify the existing requirement embodied in section 23 of the Madras Civil Courts Act, 1873, that District and Sessions Judges shall, in every case, specifically "approve or confirm" the appointment, suspension and removal of members of subordinate establishments. The Bill reserves to District and Sessions Judges powers of control and makes provision for the exercise of such control in accordance with rules which will limit their intervention to matters of importance.
